Creo Problem 5.5 Clarification

Please see the attached image for a clarification of P5-5. The textbook printing is not very clear, 1.44 OD is NOT stepped to the inside, that should be a smooth transition to the fillet marked 'H'. The two red arrows and 'H' are indicating that the outside horizontal line (short lip on the right side) is at the same vertical position as the radius on the opposing side (these two fillets should have the same y-coordinate).
